The Jekyll 29 has ample mud/loam clearance with 2.4" tires. The build on the Jekyll model I rode wasn't begging for upgrades, though It does not seem to be a stock configuration. The rental bike had a carbon front triangle, and alloy rear, and all of the Carbon bikes on Cannondale's website come equipped with a Fox DPX2 shock.

A follow up to 2007's Classic Home Video Games, 1972–1984, this reference work provides detailed descriptions and reviews of every U.S.-released game for the Nintendo NES, the Atari 7800, and the Sega Master System, all of which are considered among the most popular video game systems ever produced. Organized alphabetically by console brand, each chapter includes a description of the game system followed by substantive entries for every game released for that console. Video game entries include publisher/developer data, release year, gameplay information, and, typically, the author's critique. A glossary provides a helpful guide to the classic video game genres and terms referenced throughout the work, and a preface provides a comparison between the modern gaming industry and the industry of the late 1980s.

In this in-depth critical and theoretical analysis of the horror genre in video games, 14 essays explore the cultural underpinnings of horror's allure for gamers and the evolution of "survival" themes. The techniques and story effects of specific games such as Resident Evil, Call of Cthulhu, and Silent Hill are examined individually.

Following the Pulitzer prize-winning collection *Stag's Leap*, Sharon Olds gives us a stunning book of odes. Opening with the powerful and tender "Ode to the Hymen," Olds addresses and embodies, in this age-old poetic form, many aspects of love and gender and sexual politics in a collection that is centered on the body and its structures and pleasures. The poems extend parts of her narrative as a daughter, mother, wife, lover, friend, and poet of conscience that will be familiar from earlier collections, each episode and memory burnished by the wisdom and grace and humor of looking back. In such poems as "Ode to My Sister," "Ode of Broken Loyalty," "Ode to My Whiteness," "Blow Job Ode," and "Ode to the Last Thirty-Eight Trees in New York City Visible from This Window," Olds treats us to an intimate examination that, like all her work, is universal, by turns searing and charming in its honesty. From the bodily joys and sorrows of childhood to the deaths of those dearest to us, Olds shapes the world in language that is startlingly fresh, profound in its

The New York Times Best Seller Experience the Star Wars saga reimagined as an Elizabethan drama penned by William Shakespeare himself, complete with authentic meter and verse, and theatrical monologues and dialogue by everyone from C3PO to Admiral Ackbar. Prithee, attend the tale so far: Han Solo entombed in carbonite, the princess taken captive, the Rebel Alliance besieged, and Jabba the Hutt engorged. Alack! Now Luke Skywalker and his Rebel band must seek fresh allies in their quest to thwart construction of a new Imperial Death Star. But whom can they trust to fight by their side in the great battle to come? Cry "Ewok" and let slip the dogs of war! Authentic meter, stage directions, reimagined movie scenes and dialogue, and hidden Easter eggs throughout will entertain and impress fans of Star Wars and Shakespeare alike. Every scene and character from the film appears in the play, along with twenty woodcut-style illustrations that depict an Elizabethan version of the Star Wars galaxy. Frozen heroes! Furry creatures! Family secrets revealed! And a lightsaber duel to decide the fate of the Empire. In troth, William Shakespeare's *The Jedi Doth Return* has it all!

Monique Ryan distills nearly two decades of experience counseling athletes on their nutritional needs into this comprehensive yet
