Handbook For

INSURANCE

HANDBOOK FOR

THE MEDICAL

OFFICE is a key text for

medical administrative

assisting, medical front

office programs, or

those who wish to

become insurance

billing specialists,

claims assistance

professionals, or

Download

Ebook

electronic claims processors for physicians' practices and hospital outpatient clinics. Those already practicing in this area will also find this text beneficial, as will health claims examiner programs. The goal of this extremely up-to-date text is to increase efficiency and streamline

Download

Ebook

administrative

procedures for the most  
exasperating aspect of  
the doctor's office

routine: insurance

billing. This text offers  
guidance for all aspects  
of submitting, tracing,  
appealing, and

transmitting claims for  
today's full range of  
health plans. Important  
coverage of diagnostic  
coding, procedural

Download

Ebook

coding, office and insurance collection strategies, Medicare, Managed Care, and more is presented.

Additionally, a free CD-ROM featuring the HCFA-1500 claim form is included with the book. The CD-ROM contains 10 scored patient case studies with related insurance information so that the

# Download

# Ebook

student can practice completing the HCFA-1500 claim form in a fun, interactive format. This edition of the Fordney text is full colour (and is the first text in this discipline to use this format). This full-color format will help the students identify each insurance payer with a specific color and icon, thus

Download

Ebook

making the learning process more effective. The text has been updated to reflect recent changes in procedural coding for government programs and the private sector. Also in this edition, the text has been completely rewritten by the author to emphasize procedural (CPT and HCPCS) and diagnostic (ICD-9-CM)
