This dynamic one-volume resource presents thorough, authoritative discussion of the many tax issues arising in, and in relation to a bankruptcy case. Provides practical, hands-on guidance, including a step-by-step outline of bankruptcy procedures; detailed discussion of the substantive and procedural aspects of litigation with the IRS in Bankruptcy Court; expert analysis of applicable law and on-point cases; and more. The Collier on Bankruptcy Taxation has been thoroughly updated to reflect the bankruptcy tax provisions of the Bankruptcy Abuse Prevention and Consumer Protection Act of 2005, Pub. L. No. 109-8, and will be invaluable in understanding and applying the new legislation. Thorough, expert assessment of corporate bankruptcy taxation matters, including: □ Prefiling, postfiling and general planning and practice strategies in corporate Chapter 11 cases □ The tax consequences of one corporation reshuffling its capital structure and of a two-corporation transfer of assets in a tax-free G reorganization □ The consequences of the issuance of stock by a corporate debtor in satisfaction of claims held by its creditors □ The use of and limitations on a corporation's net operating loss carry-overs □ Complete guidance on the tax complexities of consumer bankruptcies, including a chapter-length checklist on tax planning and practice strategies for individual debtors

An updated look at how corporate restructuring really works Stuart Gilson is one of the leading corporate restructuring experts in the United States, teaching thousands of students and consulting with numerous companies. Now, in the second edition of this bestselling book, Gilson returns to present new insight into corporate restructuring. Through real-world case studies that involve some of the most prominent restructurings of the last ten years, and highlighting the increased role of hedge funds in distressed investing, you'll develop a better sense of the restructuring process and how it can truly create value. In addition to "classic" buyout and structuring case studies, this second edition includes coverage of Delphi, General Motors, the Finova Group and Warren Buffett, Kmart and Sears, Adelphia Communications, Seagate Technology, Dupont-Conoco, and even the Eurotunnel debt restructuring. Covers corporate bankruptcy reorganization, debt workouts, "vulture" investing, equity spin-offs, asset divestitures, and much more Addresses the effect of employee layoffs and corporate downsizing Examines how companies allocate value and when a corporation should "pull the trigger" From hedge funds to financial fraud to subprime busts, this second edition offers a rare look at some of the most innovative and controversial restructurings ever.

11 reorganizations range from some of the largest business entities in the world to small local businesses. When these companies file for protection from creditors under Chapter 11, new problems and opportunities are created. Mr. Alderman draws upon over twenty years of experience counseling clients to explain the key legal theories and offer practical and tactical advice to business leaders, stakeholders and their advisors. "This book should be a part of the libraries of management, practitioners and accountants. It is comprehensive." The Halyard Restructuring Group, LLC. "This well organized and comprehensive book will be a great asset for anyone on either side of a Business Bankruptcy." William Wright, President & Publisher, Park Ave Publishers Inc. "This book is a great reference source with a wealth of insightful information - No accounting firm's library will be complete without a copy." James E. Schultz, CPA, Sheptoff, Reuber & Co.

PULITZER PRIZE FINALIST An epic, riveting history of New York City on the edge of disaster—and an anatomy of the austerity politics that continue to shape the world today When the news broke in 1975 that New York City was on the brink of fiscal collapse, few believed it was possible. How could the country's largest metropolis fail? How could the capital of the financial world go bankrupt? Yet the city was indeed billions of dollars in the red, with no way to pay back its debts. Bankers and politicians alike seized upon the situation as evidence that social liberalism, which New York famously exemplified, was unworkable. The city had to slash services, freeze wages, and fire thousands of workers, they insisted, or financial apocalypse would ensue. In this vivid account, historian Kim Phillips-Fein tells the remarkable story of the crisis that engulfed the city. With unions and ordinary citizens refusing to accept retrenchment, the budget crunch became a struggle over the soul of New York, pitting fundamentally opposing visions of the city against each other. Drawing on never-before-used archival sources and interviews with key players in the crisis, *Fear City* shows how the brush with bankruptcy permanently transformed New York—and reshaped ideas about government across America. At once a sweeping history of some of the most tumultuous times in New York's past, a gripping narrative of last-minute machinations and backroom deals, and an origin story of the politics of austerity, *Fear City* is essential reading for anyone seeking to understand the resurgent fiscal conservatism of today.
