There are approximately 4,000 fatalities in crashes involving trucks and buses in the United States each year. Though estimates are wide-ranging, possibly 10 to 20 percent of these crashes might have involved fatigued drivers. The stresses associated with their particular jobs (irregular schedules, etc.) and the lifestyle that many truck and bus drivers lead, puts them at substantial risk for insufficient sleep and for developing short- and long-term health problems. Commercial Motor Vehicle Driver Fatigue, Long-Term Health and Highway Safety assesses the state of knowledge about the relationship of such factors as hours of driving, hours on duty, and periods of rest to the fatigue experienced by truck and bus drivers while driving and the implications for the safe operation of their vehicles. This report evaluates the relationship of these factors to drivers' health over the longer term, and identifies improvements in data and research methods that can lead to better understanding in both areas.

Now Carver can't stop blaming himself for the accident and even worse, a powerful judge is pressuring the district attorney to open up a criminal investigation. Luckily, Carver has some unexpected allies: Eli's girlfriend, the only person to stand by him at school; Dr. Mendez, his new therapist; and Blake's grandmother, who asks Carver to spend a "goodbye day" together to share their memories and say a proper farewell. Soon the other families are asking for their own goodbye day with Carver-but he's unsure of their motives. Will they all be able to make peace with their losses, or will these goodbye days bring Carver one step closer to a complete breakdown or-even worse-prison?
