The succession planning process is a well-planned-out, long-term procedure building a number of so-called "feeder groups" of qualified candidates, able to fill vacancies as they emerge. 2 nd Benefit: The risk of losing experienced corporate leaders is minimized.

Benefits of Succession Planning | IMD Business School

Succession planning ensures that each key role vacancy will be passed on to an appropriate employee. Key roles may be leadership positions of any ranking, highly specialized roles or important operations positions. Companies can identify internal talent and prepare (in other words " groom ") them to assume key positions, should the need arise.

Succession planning: a guide to get it right

I acknowledge that talent management is an important factor to retaining key talent, but it has not yet advanced to the point where it can provide a convincing quantification of how important it is. Instead, work has focused on specific areas where talent management is perceived to be of particular importance, notably succession planning. However is this not in contrast to the main HR thinking which has sought to try and break down talent management into specific talent practices that can be ...

Succession Planning And Talent Management - New To HR

Succession planning is very simple, yet so few managers do it. Maybe it ' s because well-intentioned HR leaders, managers and consulting companies have made it sound more intimidating than it is. It ' s an essential part of being a manager, so is something I would encourage you to start doing as soon as possible.
