Before speaking at a national political convention about her experiences as a transgender person, the author struggled with the decision to come out - not just to her family but to the students at her university, where she was serving as student body president. She'd known she was a girl from her earliest memories, but it wasn't until a Facebook post announcing her truth went viral that she realized the impact her story could have on the country. Four years later, the author was one of the nation's most prominent transgender activists, walking the halls of the White House, advocating inclusive legislation, and addressing the country in the midst of a heated presidential election. She had also found her first love and future husband, a trans man and fellow activist, who complemented her in every way ... until cancer tragically intervened. This book is the author's story of love and loss and an account of the LGBTQ community's battle for equal rights.--adapted from dust jacket.

From the New York Times bestselling author of Circle of Friends and The Glass Lake comes This Year It Will Be Different, a stunning new work that brings us the magic and spirit of Christmas in fifteen stories filled with Maeve Binchy's trademark wit, charm, and sheer storytelling genius. Instead of nostalgia, Binchy evokes contemporary life; instead of Christmas homilies, she offers truth; and instead of sugaryplums, she brings us the nourishment of holidays that precipitate change, growth, and new beginnings. In "A Typical Irish Christmas," a grieving New York widower heads for a holiday in Ireland and finds an unexpected destination not just for himself, but for a father and daughter at odds. The title story "This Year It Will Be Different" also delves into the emotions of a person at mid-life--a woman with a complacent husband and grown children who are entering a season that can forever alter her life, and theirs. In "Pulling Together," a teacher not yet out of her twenties sees her affair with a married man at a turning point as Christmas Eve approaches--and she may be off on a new direction with some unusual friends. And in the delightful tale "The Hard Core," the four most recalcitrant residents of a nursing home are left alone at Christmas with the owner's daughter in charge: the result is sure to be disaster--or the kind of life-affirming renewal that only the spirit of the season can bring. The stories in This Year It Will Be Different powerfully evoke many lives--step-families grappling with ex's, long-married couples faced with in-law problems, a wandering husband choosing between "the other woman" and his wife, a child caught in grown-up tug-of-war--during the one holiday when feelings cannot be easily hidden. The time of year may be magical, imbued with meaning. But the situations are universal. And Maeve Binchy makes us care about them all. As the Philadelphia Inquirer noted, "Maeve Binchy's people come to life fully. They make you laugh and cry and disturb your sleep." They do precisely that in this extraordinary collection, on the night before Christmas when we are snug in our beds, or anywhere, any time of the year.
